How glorious a greeting the Sun gives the Mountains

Slip out of your plush king bed. Stroll into the sunlight of the lounge room & snuggle into the faux fur lined sun chairs. Linger over the original art piece that reflects the snow filled Rock Creek bed you can see before you, from your lounge room window.
 Make a coffee in the simple, yet spacious kitchen and simply enjoy waking up on snow. Let the Chalet's hospitality take it from here.

Sleep soundly in the plush king bed of the master bedroom, refreshing in the adjoining ensuite. With a north-easterly view, from the warmth & comfort of the well known on snow bunk beds, you can see the sun rise over the white snow filled valley. An unforgettable vista of pinks, purple and whites.

The timber bathroom has all the nostalgia of just what a traditional ski chalet should be!

This is the thing... Ski the Mountain...or relish in this seclusion, completely surrounded by snow?

Between Snow & Stars

Take your orchestra seat for the *Snowy Mountains* show!
 Receiving a makeover for launch in the 2020 Snow Season the new design will treasure pieces of the original charm that has for many years hosted a true European Chalet (circa 1970) experience.

As you enter the space, the open plan living area takes centre stage with your front row bar seats by the window, where Perisher's front valley mountain range is all yours.
 Whilst still indulging in the Chalet's full hospitality, there is a simple kitchen of convenience.
 Each of the three bedrooms enjoy the same, spectacular view enticing you from the comfort of your bed, out into the lively pace of Perisher's ski fields.
 Revive your aching skiing muscles with a soak in the bath in the generously sized, brand new bathroom or enjoy a steamy shower in the privacy of the master bedrooms' ensuite.

This could possibly be one of the best ski holidays of your life. Collect memories, not things.
